COURSEWORK

FULL STACK WEB DEVELOPMENT

Front-End Web Development
Back-End Web Development
Git, GitHub and Version Control
Databases
Authentication and Security

SKILLS

Languages:

- C++ • Python • HTML
- CSS • JavaScript

Framework & Library:

- ReactJS • NodeJS • ExpressJS
- Tailwind CSS • Redux Toolkit

Core:

- Data Structures and Algorithms
- Object-Oriented Programming
- Operating System

Database:

- MongoDB

Tools:

- GitHub • VS Code • Postman

PROJECTS

ED-TECH | LIVE LINK | VIDEO LINK

Dec 2022 – Apr 2023

- Developed an EdTech project leveraging **React JS** to create a Platform for online courses.
- Implemented **JSON Web Token** for secure user Authentication and Authorization and **Bcrypt JS** for hashing passwords.
- Used **Node.js Express JS** and **MongoDB** for Back-End.
- Implemented **Razorpay API** for payment gateway and **Redux** to handle state management.
- Utilized **Cloudinary** for efficient storage and management Of Video lectures and other resources.
- Different panels for Students and Instructors

FOOD-ZONE | VIDEO LINK | GITHUB REPO

Mar 2023 – Apr 2023

- Developed a food ordering website using **React JS**.
- Used **Swiggy API** for retrieval of restaurants data.
- Utilized **Razorpay API** to handle payment transactions And ensure smooth checkout experience for users.
- Used **FORMIK** library to create form related pages.
- Technologies Used: **React JS, Redux, JavaScript, CSS, HTML** .
- GitHub Repository : github.com/harshsindhu0408/FoodZone

ACHIEVEMENTS

- Solved **375+** DSA Questions on LeetCode and GFG
- Rank **8** in Institute on GeeksForGeeks
- **555+** Coding score on GeeksForGeeks
- June **LeetCode** Challenge Badge
- **Gold medal** in Relay 400m held in Institute
- **Gold medal** in Esports (BGMI game)

EXPERIENCE

WEB DEVELOPMENT INTERN

Apr 2023 – May 2023

OASIS INFOBYTE | LINK

- Created a Portfolio Website using **HTML** and **TAILWIND CSS**
